

Call for Participation

We invite you to join us in **7th International Conference on Big Data (CBDA 2026)**

This conference will provide an excellent international forum for sharing cutting edge knowledge and research results in the theory, methodology, and applications of Computer Science, Engineering, and Information Technology. CBDA 2026 brings together researchers, practitioners, and industry experts to exchange ideas, discuss emerging challenges, and explore innovative solutions in the rapidly evolving field of Big Data. The conference aims to foster collaboration across disciplines and promote advances in large scale data analytics, intelligent systems, and data driven technologies that are shaping the future of science, industry, and society.

Highlights of CBDA 2026 includes:

- 13th International Conference on Computer Science and Information Technology (CoSIT 2026)
- 13th International Conference on Signal and Image Processing (SIGL 2026)
- 12th International Conference on Cryptography and Information Security (CRIS 2026)
- 13th International Conference on Cybernetics & Informatics (CYBI 2026)
- 12th International Conference on Data Mining and Applications (DMA 2026)
- 12th International Conference on Software Engineering (SEC 2026)
- 13th International Conference on Artificial Intelligence and Applications (AIAPP 2026)
- 7th International Conference on Natural Language Processing and Machine Learning (NLPML 2026)
