

Call for Participation

We invite you to join us in **12th International Conference on Data Mining and Applications (DMA 2026)**

provides a premier forum for researchers, practitioners, and industry experts to present and discuss their latest findings in data mining and related fields. The conference invites high quality submissions that showcase innovative research results, novel methodologies, practical systems, comprehensive surveys, and real world industrial experiences. DMA 2026 aims to highlight significant advances in data mining techniques, algorithms, models, and applications, fostering collaboration and knowledge exchange across academia and industry.

Highlights of DMA 2026 includes:

- 13th International Conference on Computer Science and Information Technology (CoSIT 2026)
- 13th International Conference on Signal and Image Processing (SIGL 2026)
- 13th International Conference on Artificial Intelligence and Applications (AIAPP 2026)
- 13th International Conference on Cybernetics & Informatics (CYBI 2026)
- 12th International Conference on Cryptography and Information Security (CRIS 2026)
- 12th International Conference on Software Engineering (SEC 2026)
- 7th International Conference on Big Data (CBDA 2026)
- 7th International Conference on Natural Language Processing and Machine Learning (NLPML 2026)
